# DOOR HANDLE DESIGN

## Solutions suitable for any type of door style.

Security, efficiency and design are all essential aspects of access control in the current competitive market. SALTO offers complete solutions to each door type, both newly constructed and refurbished, by catering specifically to your needs.

It's time to replace or upgrade your building users and key management with SALTO wire-free access control technology. Our installed base of battery-operated electronic locks and solutions for the access control industry is one of the largest in the world.

**1**

### STANDARD HANDLES LINE

Minimalistic and simple handles, fitting any style while offering robustness and comfort.

**2**

### PREMIUM HANDLES LINE

Refined handles with a modern and stylish design.

**3**

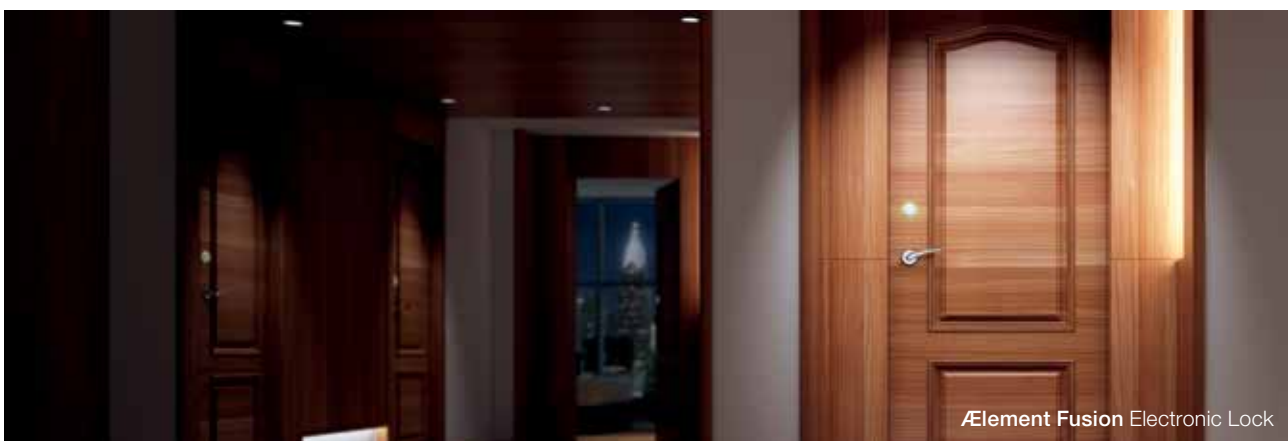

### LUXURY HANDLES LINE

High quality handles designed by our partner, Colombo Design.

## ALL-INCLUSIVE ACCESS CONTROL SOLUTIONS TAILORED TO SUIT YOUR BUILDING'S NEEDS.

SALTO Systems revolutionized access control with the introduction of the SALTO Virtual Network SVN data-on-card technology and the battery-operated wire-free electronic lock range in 2001. For nearly 20 years SALTO has been synonymous with innovative solutions, including stand-alone, cloud-based and mobile applications, that set new standards in security, manageability, flexibility and design that bring real-world benefits to virtually any type of door.

## STANDARD

The standard line provides minimalistic and simple handles, fitting any style while offering robustness and comfort. Their linear shapes make them multifunctional and easy to implement in any environment. Manufactured by SALTO, they fulfill their function in the most efficient way possible. The choice of finishes allow you to choose between 6 types of appearances.

## BUILD YOUR OWN DOOR

### CUSTOMIZE YOUR ELECTRONIC DOOR LOCK

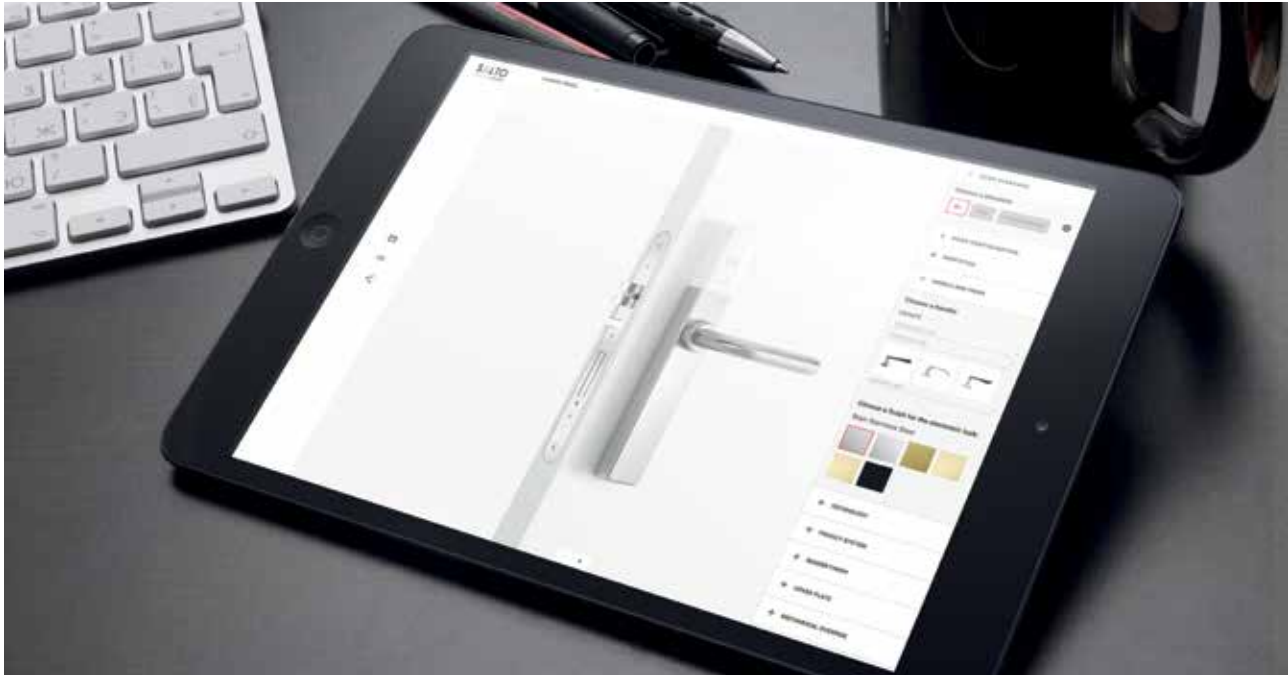

Select an electronic lock model, door type and customize your SALTO door lock with a range of colors, finishes & handle options.

This innovative tool will allow a complete visualization and customization of the locking solutions chosen by the user. By accessing the web page, the user is able to select the door lock model online to configure and create their customized door by personalizing everything. Select a model, door type, and customize your SALTO door lock with a wide range of colors, finishes & handles. This smart tool will help visitors have an idea of the look and feel of how the solutions look on different types of doors with different finishes, and by selecting different designs and lock models.

**SALTO continues to innovate by launching a unique tool for the access control industry.**

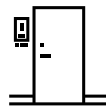

---

### CHOOSE YOUR ELECTRONIC LOCK MODEL:

Choose your favorite electronic lock model (ANSI, Euro or Scandinavian standards), to create your customized door and personalise everything.

---

### CHOOSE YOUR DOOR TYPE AND SELECT A HANDLE DESIGN:

Choose your door type and finish and select a handle design & lockset finish that matches your door.

---

### DOWNLOAD AND SAVE YOUR SETTINGS:

Save your SALTO door lock. Once your door configuration is complete you can store and compare it against your previously configured door locks models or save it as a PDF format.

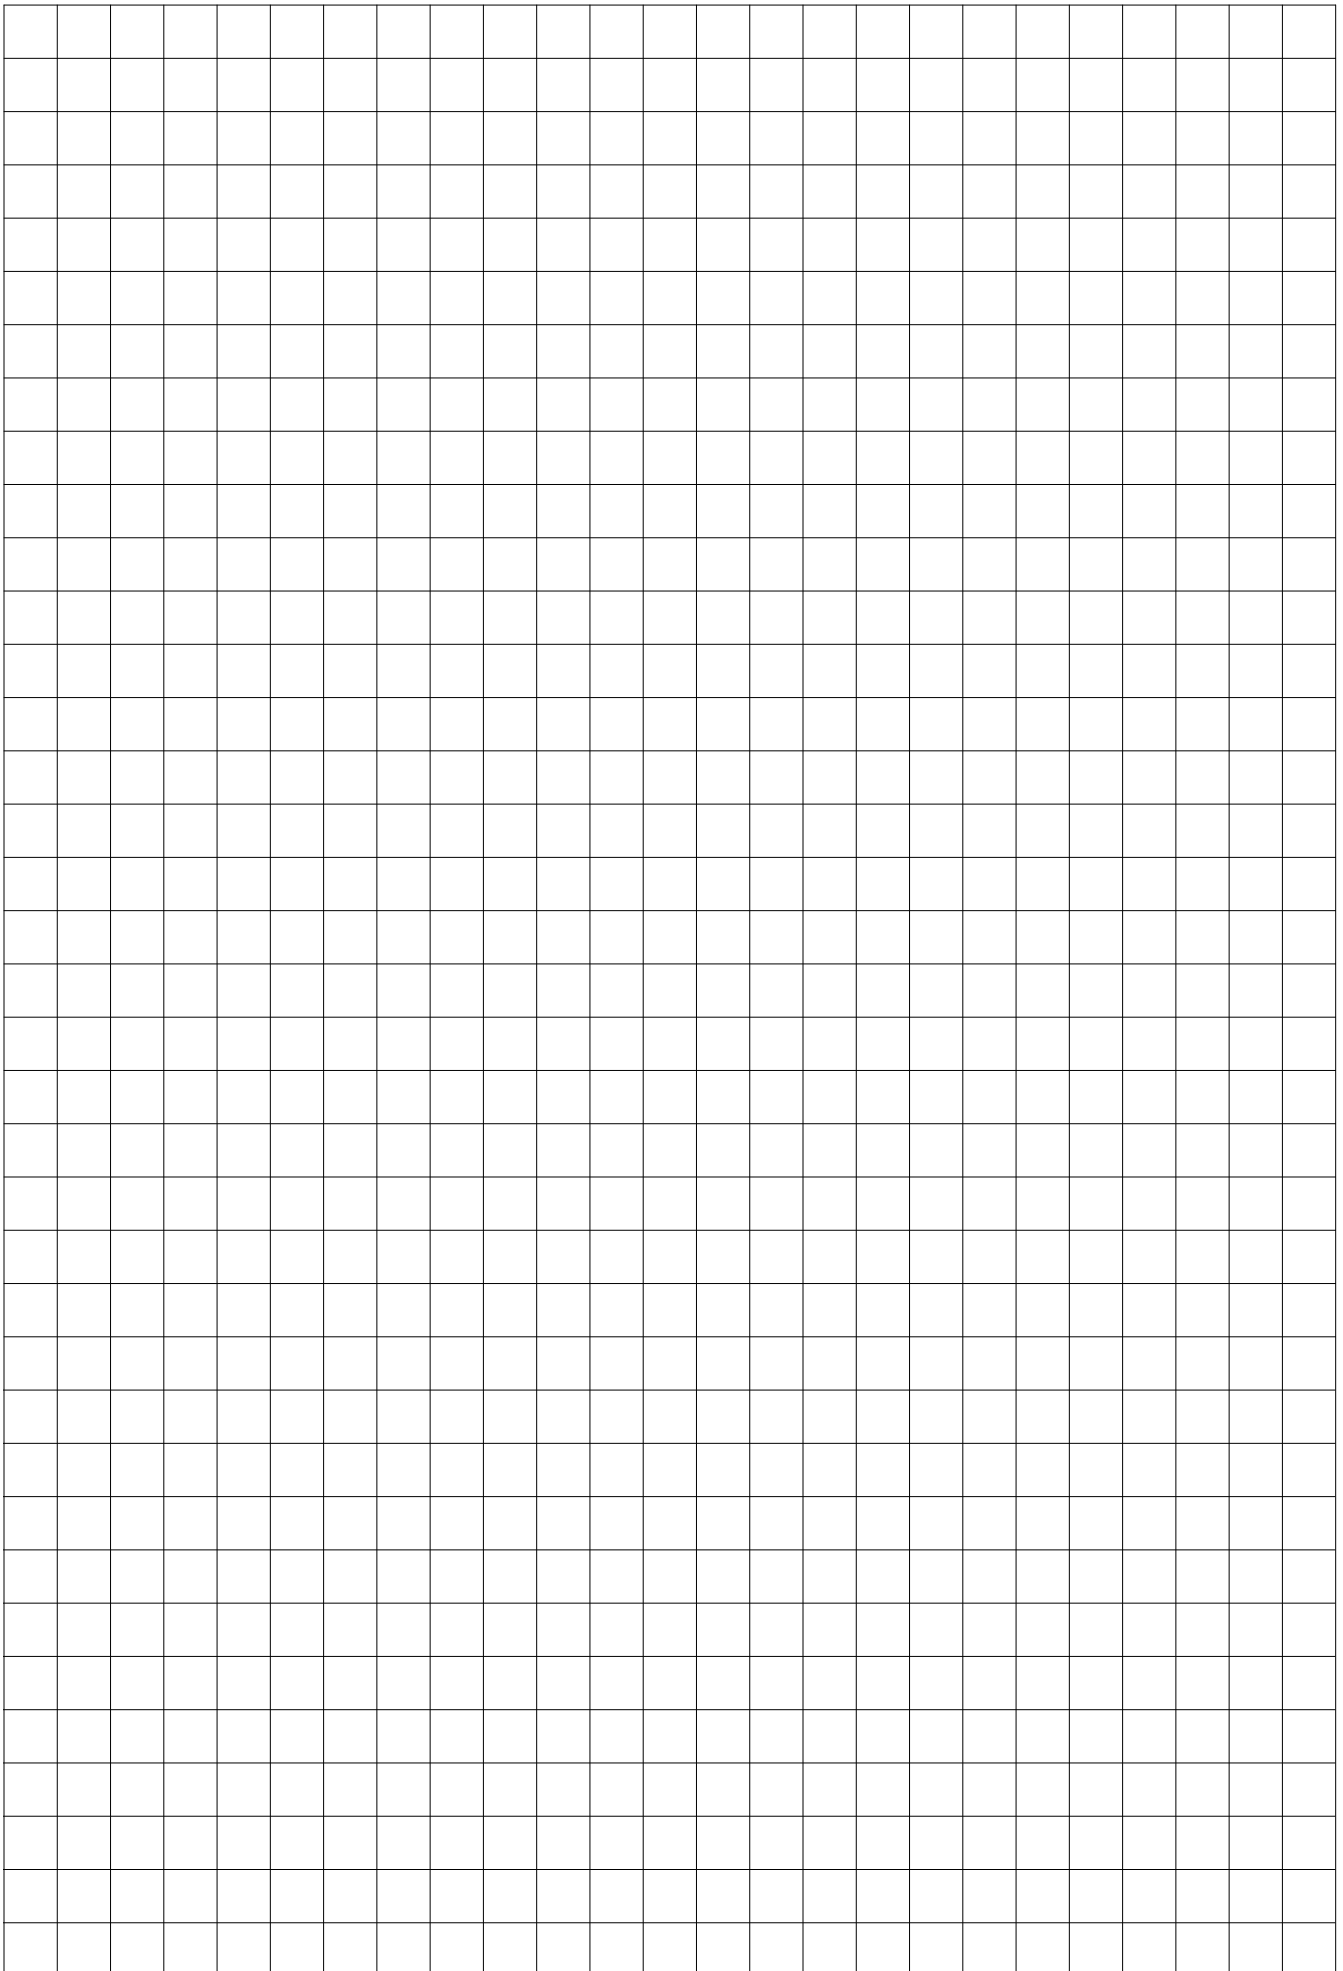

---

### CONTACT US:

Send us your selection, ask us a question or just contact us for a demo.
